

The link from our district website is not yet working (it will be soon). Meantime you can register by doing the following.

Type [r1040events.co.uk](https://r1040events.co.uk) into your browser (do not 'search') or it may take you to the 2019 conference

Click 'Register Now'

Then follow the onscreen instructions. I suggest you click the drop down option of 'Instructions and Help'. This also explains how to register multiple delegates

The blue shopping trolley will show your 'orders'. This page says I've got 6 items (I've registered two of us for all the events). If you need to add further delegates click the 'register now' button by the cart and repeat the process for the new attendee. **When you've done them all all click 'check out' and make your payment.**

I managed it and I'm not tech savvy – by this measure I'm sure you'll be able to manage it too! The sooner you register the easier it is for the conference committee to plan ahead. Please register as soon as possible.

Look forward to seeing you there!

**Malcolm Tagg**
